A three-month shortened period of response was set, making a response timely if filed on or before September 15, 2010, so no time extension fee is required for this filing.

Remarks

Claims 65, 68, and 71, currently are pending in the application.

The only rejections stated in the Office action involve alleged anticipation or obviousness from cited patents. In particular, claims 65 and 71 are rejected under 35 U.S.C. 102(b) as being anticipated by Bailey (U.S. Patent No. 5,399,132). Claim 71 [sic 68?] is rejected under 35 U.S.C. 103(a) as being unpatentable over Bailey in view of Gleeson et al.

Applicants respectfully disagree.

Earlier versions of claims 65, 68, and 71 were rejected in this application based on the cited Bailey patent.
